11. Representative comments from students:

"Dr Radoilska has gone out of her way to help us understand our world through her role in decolonising the curriculum. This has helped all students of different backgrounds to understand current topical issues. Her course, Norms and Values, has been exciting and informative to all, helping us aspire to play an active role in making our world a better place. She is an exceptional educator who is both knowledgeable and approachable."

"The literature we engage with is contemporary and relevant to the ongoing discussion about the philosophy of mind and action. Engaging with recent publications brought me closer to what I felt was 'cutting edge' conversation, and showed me that there was ample space for original thought and new contributions."

"The lectures and seminars have been coordinated excellently by Professor Radoilska. Her delivery is easy to comprehend. The topics discussed have been enlightening."

"Lubomira's efforts to make all core readings accessible online was incredibly helpful this term. She was quick to respond to emails and offered useful suggestions for essay writing."

"Very good at encouraging involvement."

"I think the module was excellent in every aspect. The teaching was some of the best teaching I have had and the classroom environment was brilliant. Overall, I would say this has been the most enjoyable and rewarding class I have taken to date."
